To whom it May Concern

CANY served as the Owners' Representative and Consultant on the 1800 K Street, Washington DC façade renovation project. The value of the project was approximately \$4,000,000.00.

The scope of the work included removal of existing glazing, removal of existing marble and modification of the curtain wall framing to extend over precast concrete panels. The new facade incorporated fritted vision and spandrel glass, additional aluminum framing components and new granite panels to replace the existing marble.

The work on site was performed by Mr. Dan Pirvulescu of New York Renaissance. The project was completed on time and in a workmanlike manner. We would gladly recommend Mr Pirvulescu and his forces for any similar project.

Edward Meirowitz  
Director of Operations
