To Whom It May Concern

Re: Dan Pirvulescu and NY Renaissance

J. Petrocelli Contracting, Inc. and 568 Union LLC have worked with Dan Pirvulescu and NY Renaissance on the 568 Union Avenue project, a seven-story apartment window wall complex. We have found Dan and his crew to be very professional and responsible.

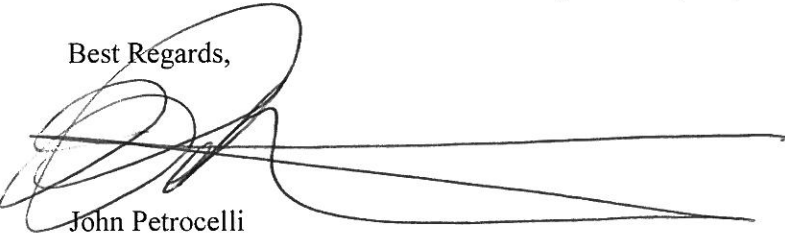

NY Renaissance has provided adequate manpower and equipment to maintain schedules and, when necessary, worked extra hours and/or provided additional manpower as required to accelerate installation. We were impressed when NY Renaissance accommodated a late delivery of curtainwall by working long hours and weekends.

Danny is very resourceful and has always found simple solutions to problems encountered on the job. NY Renaissance has proven adaptable to field conditions.

J. Petrocelli contracting, Inc. strongly recommends employing Dan Pirvulescu and NY Renaissance on any window wall or curtainwall project.

Please feel free to call me at my office, (631) 981-5200 ext 26.
